First Issue of Form FSA-FC 38  
STATE CORPORATION PROJECT REGISTER

January 20, 1938

Listing all Registered Projects as of January 20, 1938

Explanation

This register, which is similar in form and purpose to Form FSA-FC 2-7, the FSA Project Register, lists all registered active and inactive projects financed in whole or in part from State Corporation Pre-Trust Funds and/or State Corporation Trust Funds. (The term "Pre-Trust Funds" refers to the funds of a given Corporation prior to the date of transfer of its assets to the FSA; such funds are also known as pre-transfer funds and Corporation bank account funds.)

Where a project is financed from both FSA and Corporation funds, a related FSA number is given.

In order to distinguish active from inactive projects, the titles of ACTIVE projects are given in capital letters. Titles of projects which are active from the standpoint of FSA funds, but inactive from the standpoint of Corporation funds, are not capitalized. In some cases old titles are given in parenthesis after the official titles.

It will be noted that projects in each state are numbered consecutively beginning with No. 101. Formerly the first project registered in each state was No. 1. However, it was decided to change the basis of the numbering system in order to avoid duplication of numbers in the FSA Project Register. This change should involve no confusion. It has simply been a matter of adding 100 to each project number. Thus the project that was formerly S-AL 1 is now S-AL 101, etc. The symbol "S" designates "State Corporation Project."

How to Secure Copies of Form FSA-FC 38

Form FSA-FC 38 is issued by the Budget Section of Finance and Control Division. Requests for copies must be in writing and should be addressed to Mr. C. B. Baldwin, Assistant Administrator, Attention: Budget Section.

Revisions and/or Supplements to Form FSA-FC 38

The present issue of Form FSA-FC 38 is based on the latest and most reliable data available in the Washington Office. Regional Directors are requested to carefully inspect the data given for their respective regions and to indicate by letter (directed to the attention of the Budget Section) any deletions, changes, and/or additions which they feel should be made. Such revised data, if any, will be indicated on revisions and/or supplements to the present issue, which will be distributed to all parties on the mailing list.

New Mexico	(Continued)								
S-NM 102	RR-NM 19		Fort Sumner	De Baca	New Mexico Farms				This is an active FSA project under development; a Corp. number was assigned to cover \$100,000 Trust Fund allotment for land. However, this allotment was later withdrawn. The number S-NM 102 is therefore cancelled.
Texas	(Management of Corporation assets vested in FSA November 15, 1935; no formal transfer of assets to date.)								
S-TX 103	RF-TX 14		Ropesville	Hockley	ROPESVILLE FARMS				Active resettlement project initiated with Corp. Pre-Trust Funds, with which 16,222.85 acres were acquired and from which all development funds were provided. The project consists of 32 completed units, and contracts have been awarded for the construction of 50 additional units; FSA Funds are available for other phases.
